ABOUT THE ARTIST

Nestor Amaral needs little introduction to the American public. A versatile and talented artist, Mr. Amaral has delighted the ear of American audiences since 1940 when he came to this country from his native Brazil in association with the late Carmen Miranda. After working on Broadway and in Hollywood with Miss Miranda he formed his own orchestra to work in such well known places as the Hollywood Palladium, Hollywood Roosevelt Hotel and the Ambassador Hotel. Continuing his work in motion pictures he has worked as a singer musician and composer. A member of A.S.C.A.P. he has had many of his own compositions used in pictures. As a singer he introduced such popular songs as 'It's Magic' with Doris Day in 'Romance on the High Seas', 'Baia' in the Walt Disney production of the 'Three Cabelleros' and 'Brazil' in the

20th Century Fox picture 'The Gangs All Here'. As a musician his guitar has been heard in the musical score of 'Blood and Sand', 'Duel in the Sun' and 'For Whom The Bells Toll', and many others.

Nestor was born and raised in the industrial city of Sao Paulo, Brazil, which is heavily populated by the Italian people. It was quite natural that he should grow to love the music of Italy.

In this album he is working with a small combination featuring himself on the violin, guitar, and that most typical of Italian instruments, the mandolin. In HOLIDAY IN ITALY, he presents for your enjoyment some of the best loved and most widely known songs of Italy, orchestrated and played in authentic Italian style.
